

**Weed Control Field Meeting**  
**Thursday, June 11, 2009**  
**10:00 AM– 11:30 AM**

**Location:** The plot is located at the intersection of Conn Creek Road and Skellenger Lane, off of Silverado Trail (north of Oakville Cross Road, south of Highway 128 and east of Rutherford).

**Field Trials:** Effect of timing of pre- and post-emergent herbicides on the control of annual weeds and the effect of leaf litter on herbicide efficacy.

**If you have questions, please contact John Roncoroni at the UC Cooperative Extension office, 707-253-4221 or [jaroncoroni@ucdavis.edu](mailto:jaroncoroni@ucdavis.edu)**
